

H-53 PHASE STYLE MAINTENANCE PLATFORM

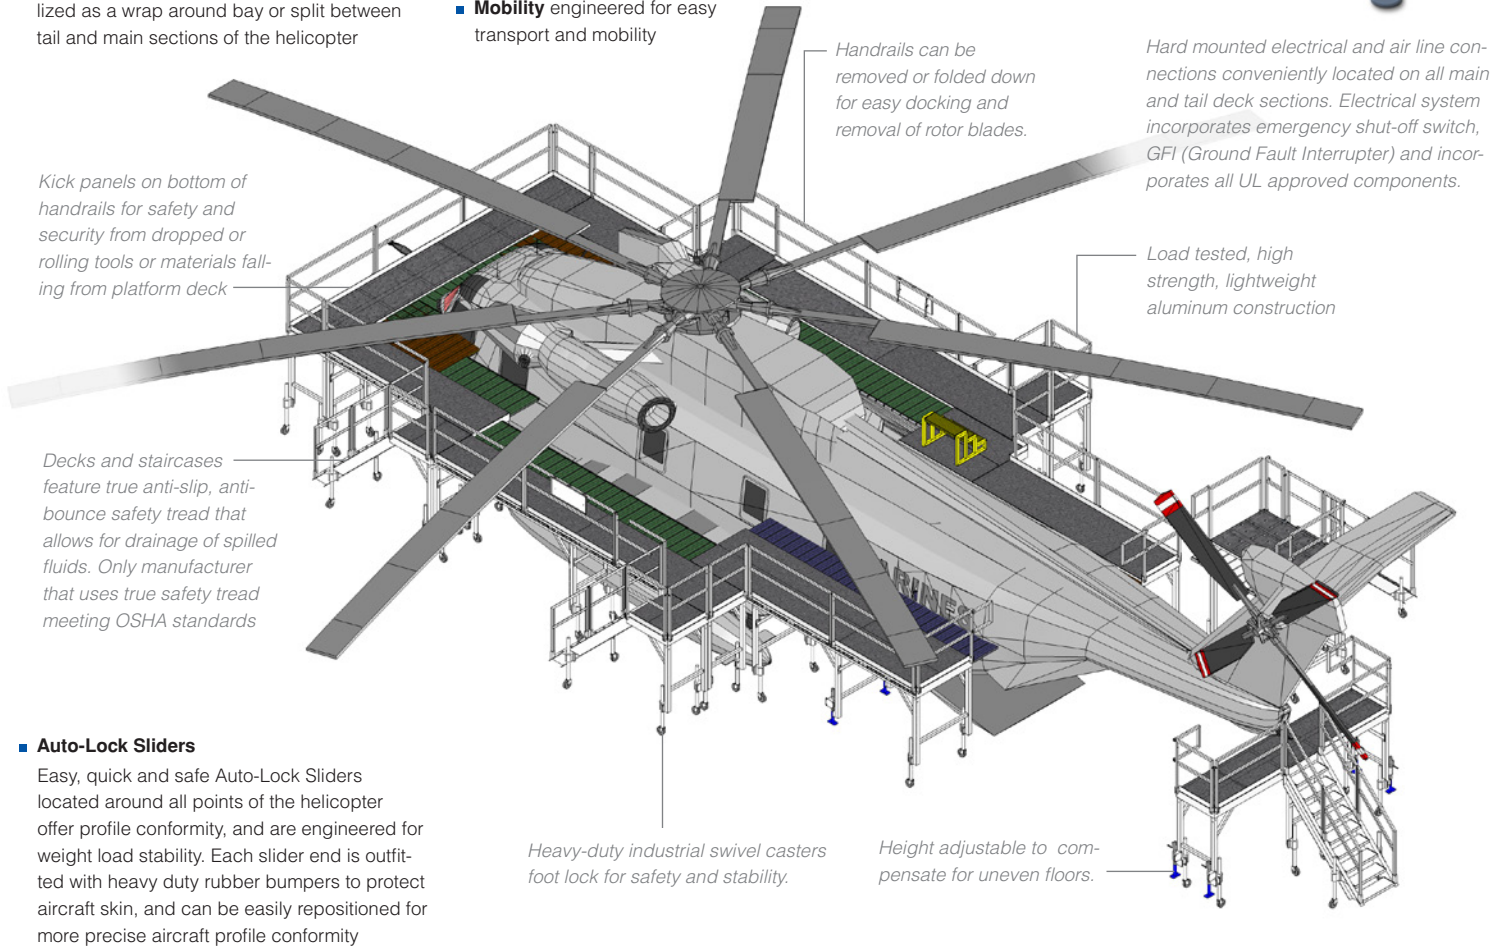

The H-53 Helicopter Maintenance Platform was designed with direct input from H-53 service technicians. Featuring a compact footprint and high strength lightweight aluminum construction, the H-53 platform conforms, meets and exceeds OSHA requirements. The platform offers full fall protection and enhanced worker safety without obstructing the maintenance process. This platform is easily mobile when necessary and securely locked in place during the maintenance procedures of the aircraft.

H-53 PHASE STYLE MAINTENANCE PLATFORM

FEATURES

- **Quick Assembly** modular, easy assemble/disassemble platform decks feature bracing systems that allow for 1/3 less setup time
- **Versatility** the maintenance bay can be utilized as a wrap around bay or split between tail and main sections of the helicopter
- **Rugged Construction** each stand is constructed from light weight, high-strength aluminum and self-draining, anti-slip, anti-bounce safety tread
- **Mobility** engineered for easy transport and mobility

■ **Auto-Lock Sliders**
Easy, quick and safe Auto-Lock Sliders located around all points of the helicopter offer profile conformity, and are engineered for weight load stability. Each slider end is outfitted with heavy duty rubber bumpers to protect aircraft skin, and can be easily repositioned for more precise aircraft profile conformity

The **H-53 Phase Maintenance Platform** provides a maintenance bay to facilitate complete fall protection to technicians servicing all areas of the aircraft. U-53 Phase Maintenance Platforms are designed for easy maneuverability and can be separated from the other components for hanger/facility replacement storage.

WARRANTY INFORMATION

FlexDecks provides a three (3) year warranty on the total platform, as well as part listings for identification and ordering of replacement parts.

OSHA COMPLIANT

FlexDecks Maintenance Stands are constructed from light weight, high-strength structural grade 6061 aluminum and self-draining, anti-slip and anti-bounce 5052 aluminum Safety Treads OSHA compliant, omnidirectional and self-correcting. All welded designs are in accordance with AWS D1.1 & D1.2. Each design features load ratings. FlexDecks Stands provide complete OSHA compliance for fall protection during maintenance procedures.

WHY FLEXDECKS?

Maximizing fall-safety requires proper setup and training. FlexDecks provides full technical support and training upon delivery. One manager with total accountability handles your project. Competitors can't compare with FlexDecks' turnkey costs and services.
